Thelma

Thelma had her 4 kittens in a tractor barn. Some caring people called us and got her and her babies out of there. She was a great Mom to her kittens. Now it is her turn to have a home.

This is the feedback from the adoption family

We are so thankful we found her! She is everything my grandmother needed as an emotional support animal while she is at an assisted living facility. The responsibility of taking care of Thelma has improved my grandmother's health as well, which is a godsend!

"The smallest feline is a masterpiece."

– Leonardo da Vinci
