Cliff & Mary Kay Wilks

Our sympathy and condolences are extended to the above, but we firmly believe that we shall see these loved pets, family members and friends again in a better world.

If you have anybody, human or animal, that you wish to honor (living) or memorialize (deceased), please accompany your nominees with a minimum donation of \$5.00 each; we will list them in the next **Paw Prints**.

# One More Happy Tail

**Madison**

You may remember **Madison** from our Fall Newsletter. She was on the front page as she was found injured next to Route 20. Well here she is again only now healthy and in her forever home and this is what her new owner said.

Madison is settling into her new home. She is a little skittish and likes to hide. Once she comes out and near one of us she will sit in our lap for hours or roll around on the floor and relax.

She likes to play at night when she feels safer and has started coming onto our bed on her own. We've been giving her lots of space so she can adjust at her own pace. We love her!
