TEE

Tee was in a happy and loving home for several years. Then sadly, because of a bad home situation, the owner feared for his safety and gave him to Cause 4 Paws. It did not take long for Tee to get adopted since he is beautiful and has a precious personality as well! His new family absolutely loves him! Tee has now acclimated to his forever home!

Ringtail was a bottle baby, born in April and raised by our foster with 3 siblings. Her adoptions family reports below.

We call Ringtail Mari Mar after an TV drama lady in South America. Her sisters are Snickers and Diva. Torti is Snickers. Mari Mar is doing well but I think will always be a little smaller. She is however the most friendly and will lay on your chest while you recline on the sofa. She holds her own well and can be feisty if her sisters get annoying. They all play and sleep in their own places and also together.

Nikki

Nikki was saved by children who saw him in a dumpster behind Sheetz. He was thin and looked very ill. Their Mom called C4P. Our foster nursed him back to health. Now Nikki is a happy and healthy cat in his forever home. A wonderful couple adopted him and said he was sent by God. They were sad that their old dog had passed and Nikki has filled that void. Merry Christmas Nikki!
